Express yourself in your own unique creations—with LeeWards wide assortment of quality components to start you off right. Our wreaths, brooms, scoops, doilies, and baskets are the perfect bases for decorations with today's popular natural look—then add dried or silk flowers, pine cones—or make your own dried or ceramic-coated flowers with kits (5) & (7) on facing page. Your possibilities are limitless when you add dried leaves, driftwood, interesting pebbles, and "found" mementos from enjoyable trips!

Natural items on these two pages may vary slightly from those shown.

What You Should Know About LeeWards Acrylic Rug Yarn . . .

In packages above: LeeWards offers only the best quality acrylic rug yarn . . . with the durability and bright, vibrant colors you need to make heirloom creations. Each strand is made up of extra-long fibers that resist breaking and shedding, and each has the proper twist to stay bouncy for years. Our yarn is also thicker than inferior yarns, and the 2¼" length is easier for your latch hook to control than shorter lengths.

In our kits: You can count on the yarn in all of our kits to be the same top quality as above. If a manufacturer offers the same kit in various qualities of yarn, we will always choose the best so you can be sure your finished article will stay bright and new-looking through years of use. Should we ever make inferior-quality kits available—as beginner's try-your-hand kits, for example—this will be clearly explained.

Quality Clock Kits Make Very Timely Gifts!

Cherished heirlooms to give beautifully made-up by you—or give a kit for a present that includes hours of relaxing fun!

Exciting! Fascinating! Wonder WorksTM Clock

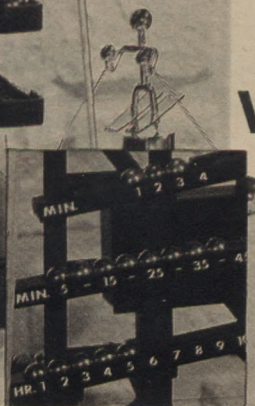

You'll love watching the action as the electric, motorized pendulum scoops a nickel-plated steel ball up and swings it over into the channel—where it swirls through a series of chutes that are calibrated in hour, five-minute & minute intervals. Precision snap-together molded parts set up in as little as an hour. Molded plastic dust cover included. 110V motor & 6 ft. 6 in. cord are UL listed. NM33 53158—9½x8x5½" Kit 21 88
